*globale* Film Festival Berlin 2011

## When

The 7th edition of *globale* Film Festival takes place in Berlin, Germany  
**3-9 November 2011**. Film submissions are accepted until **June 30th, 2011**

## What

We invite filmmakers who use cinema to foreground views, topics and people that market-driven and state-owned media keeps invisible. Past festivals films mainly were concerned with precarious lives, migration, media & representation, genetic engineering, gentrification, working conditions, capitalism and crisis. In addition we usually focus on one or two countries. But, *globale* is neither restricted to those topics nor to documentary films. So feel free to just give it a try!

## Where to

Please submit your film on DVD to:

*globale* Film Festival | c/o Georg von Rauch-Haus | Mariannenplatz 1A | 10997 Berlin

Please download the submission form from our website and send it next to some stills from the film either by separate CD or via email.
